Thank you for agreeing to share your story with us. Our case studies are at the heart of our brand and communications. Case studies allow us to show real-life examples of how we fulfil the needs of our students, members and businesses, and help them reach their goals.

### Where do we use our case studies?

By agreeing to become an AAT case study, you're also committing to assist us in our communications. We may also approach you with the opportunity to participate in a photo shoot. Please note that participation is voluntary. If you decide not to participate there will not be any negative consequences on your future dealings with AAT. If you decide to participate, you may stop participating at any time and you may decide not to answer any specific question.

Our case studies are passionate about AAT and want to be involved in our communications because they have a story they want to share. We don't pay case studies as this wouldn't be an honest representation of our brand. We'll pay incurred expenses when you're participating in any case study activity and this payment will be formally agreed beforehand.
